

**The Montana Comprehensive Assessment System
(MontCAS)**

**Criterion-Referenced Test (CRT)
&
CRT-Alternate Assessment (CRT-Alternate)**

**TEST COORDINATOR'S MANUAL
Spring 2011**

What's New for the 2011 CRT and CRT-Alternate Administrations?

- Layout of manual
- Added first-year LEP bubble on page 2 of Answer Booklet with definition
- Reminder: Monday, March 14 is the first day of daylight savings time. It is recommended that schools do not schedule testing on that day.

Important Phone Numbers

As a test coordinator representing your system, you may require more assistance. It is readily available through the offices listed below.

For information about CRT program administration issues, contact:

Measured Progress Montana CRT Service Center at (888) 792-2741

Dan Verdick, Montana Program Manager

E-mail: verdick.dan@measuredprogress.org

OR

Nancy Hall, Montana Program Assistant

E-mail: hall.nancy@measuredprogress.org

For information about CRT-Alternate program administration issues, contact:

Tim Greenlaw, Montana Program Manager

Phone: (800) 431-8901, Extension 2309

E-mail: greenlaw.timothy@measuredprogress.org

For information about program policy issues, the CRT-Alternate Assessment, or standard and non-standard accommodations, contact:

Judy Snow, State Assessment Director

Phone: (406) 444-3656

E-mail: jsnow@mt.gov

For information about ELL/LEP, contact:

Lynn Hinch, OPI

Phone: (406) 444-3482

E-mail: lhinch@mt.gov

For information about Title I, contact:

B. J. Granbery, OPI

Phone: (406) 444-4420

E-mail: bgranbery@mt.gov

For information about students with migrant status, contact:

Angela Branz-Spall, OPI

Phone: (406) 444-2423

E-mail: angelab@mt.gov

For information about CRT-Alternate policy issues, contact:

Timothy Harris, OPI

Phone: (406) 444-4429

E-mail: tharris@mt.gov

For information about AIM , contact:

OPI AIM Help Desk

Phone: 1-877-4AIMMT1 (424-6681)

E-mail: OPIAIMHelp@mt.gov

Important Dates

January 18, 2011	System Test Coordinators receive memo mailed by MP containing the password necessary for access to the CRT-Alternate Test Booklets online.
January 20 - 21, 2011	OPI Assessment Conference
January 25, 2011	Test coordinator's and administration manuals posted online.
February 1 - 8, 2011	System Test Coordinators download and print CRT-Alternate Test Administrator's Manual and CRT-Alternate test booklets for teachers administering the CRT-Alternate
February 1 - 8, 2011	System Test Coordinators receive CRT-Alternate test materials, CRT Test Coordinator's Manual, CRT Test Administrator's Manuals, and other test documents shipped by Measured Progress
February 2011	System Test Coordinators receive <i>OPI Test Security Guidelines</i> , CD with training PowerPoint, and nondisclosure forms mailed by OPI
February 9–March 24, 2011	CRT-Alternate test window (February 9 - 15 is intended for administration training and preparation)
February 14 - 18, 2011	System Test Coordinators receive CRT test materials from Measured Progress
March 1 - 24, 2011	CRT test window
March 29, 2011	Last day for System Test Coordinators to schedule (if using iServices) pickup for CRT and CRT-Alternate used student answer booklets and other test materials
March 30, 2011	Last day for System Test Coordinators to ship via UPS all test materials (CRT and CRT-Alternate used student answer booklets, test booklets, and <u>other test materials</u>) to Measured Progress
May 27, 2011	<u>Final</u> reports and data (including CRT-Alternate) posted on MARS
September 9, 2011	<i>Guide to the 2011 Criterion-Referenced Test and CRT-Alternate Assessment Reports</i> , printed copy of student reports, and cumulative labels received at system offices.

Test Security

Test coordinators and administrators are prohibited from disclosing the contents of CRT assessments. All test questions are secure. Under no circumstances should test booklets or marked Answer Booklets be reviewed, circulated, duplicated, or discussed. The only exception is for the administrator who needs to read to the student who is taking the test with a modality accommodation.

Any concern about a breach of test security or noncompliance with test administration procedures must be reported immediately to the principal, System Test Coordinator, and State Assessment Director. All System Test Coordinators and school principals should be familiar with *OPI Guidelines and Procedures for Test Security* provided by OPI. This OPI publication outlines reporting procedures and should be made available to system superintendents, principals, and test administrators. If you have not received a copy, you may access it at http://www.opi.mt.gov/Curriculum/MontCAS/index.html#p7GPc1_7.

Shipment Information

Receipt and Inventory of CRT Test Materials

Test materials will be delivered to System Test Coordinators via UPS. Please alert your staff and ask them to notify you when they accept delivery of the test materials. If you have not received test materials by February 25, 2011, immediately telephone Measured Progress at (888) 792-2741.

- Materials for each school in your system will be packed separately by grade. A Material Summary form is located in each box. Complete the “Qty Received” and “Qty Returned” columns for a quick inventory of the materials you received for your records. The System Test Coordinator is accountable for returning all secure test materials (test booklets and Answer Booklets) received in the initial shipment and for making any additional material requests. .

A prompt inventory of test materials will allow you time to order additional test materials if needed. Please provide training for school test coordinators and authorized personnel before distributing the test materials.

Affixed to each box is a preprinted barcode label identifying the test materials for your system. The information on the label will expedite the tracking of returned materials after testing, please do not remove, destroy, or deface the label. (Save the boxes and the packing materials in which test materials were shipped so they can be reused when you return the test materials to Measured Progress.)

Each delivery will include UPS return service labels for shipping boxes back to Measured Progress. You will receive the same number of return service labels as the number of boxes shipped to your school.

Administration Materials (Shipment 1)

<i>Test Materials Shipped to Systems, Organized by School</i>	
Item	Notes
Memo to System Test Coordinators	One per system.
CRT Test Coordinator's Manual	One per System Test Coordinator.
CRT-Alternate Material Binder by Grade	Contains most of the materials needed to support a student for the assessment. There will be only one of these for each grade for which a student was registered and only if that grade has not been recently tested at the school. The System Test Coordinator stores the materials binders after testing for future use.
Alternate Assessment Return Materials	One per student. Includes a white return envelope with prepaid UPS postage label, a checklist, a brief questionnaire, and the student's Answer Booklet.
CRT-Alternate Training CD	One per school. Contains information on how to administer and adapt the Alternate Assessment.

Test Materials (Shipment 2)

<i>Test Materials Shipped to Systems, Organized by School</i>	
Item	Notes
Material Summary Form	Use this form to inventory test materials.
Test Administrator's Manual(s)	One per test administrator. Extra copies may be downloaded from the OPI Web site: www.opi.mt.gov or the Measured Progress Web site: http://iservices.measuredprogress.org/ .
White plastic envelope(s) labeled "For Return of Used Answer Documents"	One envelope per test administrator. One envelope for every 15 grade 3 students is provided.
White plastic envelope(s) labeled "Special Handling"	One envelope per grade/school for used Answer Booklets that need special handling (voided, torn or crumpled Answer Booklets, etc.).
Prepaid, pre-labeled return shipping boxes labeled "For Return of Used Answer Documents Only"	Use these boxes to return used Answer Booklets (answer documents) placed in white envelopes.

Class Packs of Test Booklets	The number of test materials included in each class pack is indicated on the front of the pack. There are four different forms of the test booklets. Please note that the different forms of the test booklets have been mixed in the class packs to ensure that the forms are <u>randomly</u> distributed to students. Test materials must be distributed in the order in which they appear in the class packs. Mathematics Reference Sheets are located at the back of each class pack. These are generic and may be distributed to students during mathematics test sessions.
Class Packs of Answer Booklets	The number of Answer Booklets in each class pack is indicated on the front of the pack.
Student Barcode Labels	Barcode labels are sorted and packed by school, grade, teacher (for schools that entered this information into AIM) and students' last names. Test administrators or test coordinators must place the barcode labels on page 1 of Answer Booklets (for grade 3 students, place barcode labels on test booklet covers) prior to the first test session.
“Voided and Unused Barcode Labels” Form	If a student is no longer enrolled, place the student's barcode label on this form. Please DO NOT write directly on the barcode label (scanners cannot read barcode labels that have been changed). Check the reason the barcode label was voided or write a brief explanation.

*** Please note that you will receive CRT and CRT-Alternate test materials in separate shipments**

Ordering Additional Test Materials

Only SystemTest Coordinators may order additional test materials. Please be advised that an overage is shipped for each school.

Test Booklets are considered secure and confidential, each system and school is responsible for the test booklets assigned it. Do not share test booklets with other schools. If you are missing any test materials indicated on the Material Summary Form contact Measured Progress immediately.

If you need additional test materials, use Measured Progress's online ordering system at <http://iservices.measuredprogress.org>. At the welcome screen, select “MONTANA” and click “Enter.” Select “**Order Additional Materials**” from the left column. Follow the on-screen instructions. To access your school's account, you will need the “MP Ship Code” located on the first line of your Material Summary Form.

Instructions for System and School Test Coordinators

It is the role of each system and school test coordinator to ensure that testing proceeds smoothly, that test materials are properly accounted for, and that all school test coordinators and authorized personnel are properly trained. The quality of assessment data depends on uniformity of test administration procedures. For this reason, the instructions given in this manual must be followed closely by test coordinators, and the instructions given in the Test Administrator's Manual must be followed by test administrators.

Checklist for System Test Coordinators

The System Test Coordinator serves as the liaison between OPI, Measured Progress and local test administrators (teachers, in most cases). The System Test Coordinator also serves as the school's contact person for OPI and Measured Progress.

BEFORE TESTING:

- Notify schools about testing.
- Plan training to address test scheduling, test security and procedures, inventory procedures, administration procedures, and testing accommodations.
- Receive and inventory test materials using the Material Summary form. A test materials overage is shipped to schools to compensate for new students. To maintain test security, do not open the shrink-wrapped test booklet packages until the first day of testing.
- Read the test coordinator's and test administrator's instruction manuals.
- Sign the test coordinators' security agreement.
- Request additional test materials if needed.
- Give school test coordinators/principals and other authorized personnel the OPI 2011 *Guidelines and Procedures for Test Security* and the Test Administrator/Teacher Test Security Information sheets, to be copied at the schools. The 2011 OPI *Guidelines and Procedures for Test Security* are available at the OPI Web site at <http://www.opi.mt.gov>.
- Distribute manuals, barcode labels, and test materials to school test coordinators. Save the original test boxes for the return shipment after testing has ended.

CRT-ALTERNATE BEFORE TESTING:

- Download, print, and distribute CRT-Alternate test booklet(s) and CRT-Alternate Administrator's Manual(s).
- Distribute CRT-Alternate Test Material Kits, Return Materials, and training CDs.

DURING TESTING:

- Be available to answer questions from school personnel. Call OPI if you have questions regarding policy, security, or accommodation usage. For other inquiries contact Measured Progress at (888) 792-2741.
- Be sure schools have arranged for makeup testing for students who miss all or part of the test. All test sessions, original and makeup, must be scheduled between March 1 and March 24, 2011.

AFTER TESTING: (Please refer to pages 19 - 22 for specific CRT and CRT-Alternate return instructions.)

- Collect all test materials from school test coordinators on or before March 25, 2011.
- Inventory test materials using the Material Summary form.
- Pack used Answer Booklets by school and grade in the used answer document box assigned to the appropriate school/grade and return to Measured Progress. These boxes have been pre-labeled with a prepaid UPS second-day air label. **Do not return materials from multiple schools and grades in the same box.**

- Pack all other secure test materials in shipping boxes for return to Measured Progress. Affix a UPS return service label to each box.
- Schedule a UPS pickup. (See pages 20- 21 for further instructions.)

CRT-ALTERNATE AFTER TESTING:

Materials for each student should be packaged separately in the white plastic envelopes (**one for each student**) marked “For Return of Test Materials”. The envelopes have preaffixed UPS RS labels and should be returned to the System Test Coordinator for shipment. Each of the following items should be placed in the plastic envelope:

- CRT-Alternate test booklet
- Evidence templates
- Teacher recording sheets for evidence templates
- Answer Booklet
- Material replacement form (if necessary)

Checklist for School Test Coordinators

(the test administrators checklist can be found in the Test Administrator’s Manual)

BEFORE TESTING:

- Read this manual and the Test Administrator’s Manual.
- Give Test Security forms to all authorized school personnel.
- Develop training and testing schedules and review testing procedures outlined in the 2011 Test Administrator’s Manual with administrators, including the OPI guides for test security and accommodations.
- Arrange for testing of students who require test accommodations that cannot occur in a regular testing environment.
- Distribute all test materials to test administrators, including student barcode labels for placement on Answer Booklets (test booklet covers for grade 3 students).
- Supply test administrators with extra #2 pencils, scrap paper, and calculators (if applicable).

DURING TESTING

- See that testing procedures are followed.
- Maintain test security in all settings and locations.
- Be sure that all students have comfortable and adequate work spaces.
- Ensure that accommodations specified in IEP’s or routinely used in classrooms and assessments for at least three months prior to testing are provided to students.
- Be available to answer questions.

AFTER TESTING:

- Collect signed copies of the Principal’s Nondisclosure and Test Security Agreement form.
- Verify that boxes on page 2 of the Answer Booklets have been completed, if applicable.
- Confirm that no paper has been taped, pasted, stapled, or otherwise attached to used Answer Booklets.
- Verify that all used Answer Booklets have been placed in the large white plastic envelope labeled “For Return of Used Answer Documents.”
- Collect and inventory all secure test materials (test booklets) from test administrators. Mathematics Reference Sheets are not secure and do not need to be returned.

- Pack all of the large white envelopes labeled “**For Return of Used Answer Documents**,” the “Special Handling” envelopes, and the nondisclosure forms in the box labeled “**For Return of Used Answer Documents Only**.” Pack all other secure test booklets (used and unused) in the appropriate shipping boxes.
- Return all test materials in the appropriate boxes to System Test Coordinators on or before **Friday, March 25, 2011**.

CRT-ALTERNATE AFTER TESTING:

- Ensure that test administrators administering the **CRT-Alternate** have transferred student scores from the CRT-Alternate test booklets to the Answer Booklets. Not transferring answers will result in the student receiving the lowest possible score (200/novice)
- Ensure that test administrators administering the CRT-Alternate have placed test materials and the Materials Replacement Form in the envelope(s) labeled “For return of CRT-Alternate Student Test Materials” (one envelope per student).

Structure and Format of the Test

The MontCAS Criterion-Referenced Test (CRT) is a comprehensive assessment covering a broad range of objectives in reading, mathematics, and science.

All students in grades 3 - 8 and 10 will take the reading and mathematics portions of the CRT. Students in grades 4, 8, and 10 will take the science portion of the test. Each student will record answers to all portions of the test in a single Answer Booklet, except grade 3 students, who will record their answers directly in their test booklets. Directions for administering tests are given in the Test Administrator’s Manual. Students may underline words and/or use a highlighter in their test booklets. Scrap paper may be provided to students to assist them during testing. All scrap paper must be shredded after each test session.

The CRT includes

- multiple-choice items, which require students to select the correct answer from four possible responses;
- short-answer items (mathematics test only), which require students to write out their answers;
- constructed-response items, which require students to write a brief (half-page) response or to show the solution to a problem. These items take approximately 5 - 10 minutes to answer.

School Test Coordinators

Scheduling Test Sessions

The test must be given to students between March 1 and March 24. Schedule the testing in your school early enough during this period to allow time for makeup testing. You must also schedule testing for any students who require test accommodations that cannot be met during regular test sessions. All testing, including makeup sessions, must be completed no later than Thursday, March 24, 2011.

The CRT is intended to be a measure of student proficiency rather than speed; therefore, suggested times should not be strictly enforced. Students should be allowed to continue as long as they are working productively. If a student needs additional time beyond the suggested time range, move the student to a predesignated area. Schools should set aside a separate classroom space on testing days to continue

testing students who need more than the scheduled time per session to finish their work. See Appendix A for suggested testing schedules.

Announce ahead of time, not during testing, that students who complete a test session early may go back and check their work in that session of the test only or close their test booklets and sit quietly. Students may not work on any other session of the test. Since some students will finish early, it is important for them to be quietly occupied so they will not disturb students who require more time. The test sessions and suggested time to complete each session are shown in the chart in Appendix A. For details about calculator use, please see Appendix B.

Global Instructions for Students

It is suggested that the following information and instructions be posted in the testing area before testing begins and remain posted during all test sessions.

- Teacher name
- Keep working until you reach the stop sign at the end of the session, located on the bottom-right corner of the page.
- When you finish a test session, you may check your work in the test session you just completed.
- For constructed-response questions, make sure your work fits in the space provided.
- Mark the answer to each multiple-choice question by filling in the correct bubble in your Answer Booklet. (Grade 3 students will mark their answers directly in their test booklets.)

Students Required to take the CRT and the CRT Alternate

- **ALL** classroom students in grades 3–8 and 10 enrolled in accredited public and private Montana schools are required to participate. This includes students participating in the Montana Digital Academy and Youth Challenge programs (see glossary p.22 for detailed definitions.)
- Students who have been identified as having Limited English Proficiency (LEP) must take the CRT. For their first year in any United States school, LEP students are required to participate only in the mathematics and science assessments—they are excluded from the reading assessment. First-year LEP students may take the reading assessment; however, their scores will not be included in the calculation of averages. First-year LEP students may instead take a language test selected by their school. Please notify and send the results to Judy Snow, State Assessment Director.
- Part-time students must be included in the CRT if they are enrolled in the district for more than 180 hours during the school year and if they have not reached the age of 19. Part-time students enrolled less than 180 hours in a mathematics course, a reading course, or a science course may participate in the CRT, but their scores will not be included in the calculation of averages.
- Home-schooled students may participate in the CRT at the request of a parent. Home-schooled students must be tested at a local school during the regular testing period; they may not be tested at home. Arrangements should be made through the county superintendent. For schools with home-schooled students participating in testing, the following are directions for completing their Answer Booklets:

Page 1: Complete the “Student Name,” “School Code,” “Form Number,” and “Birth Date” boxes.

Page 2: Complete Section 1, “Student not enrolled.” Complete Section 2, if applicable.

- Students in private schools not accredited by the Montana Board of Public Education may participate in the CRT provided they are willing to comply with state assessment guidelines.
Page 1: Complete the “Student Name,” “School Code,” “Form Number,” and “Birth Date” boxes.
Page 2: Complete Section 3, “Student enrolled.”
- All suspended students are expected to participate and will be counted in district and school reports.

Students who do not participate during testing Test administrators must keep a list of students absent during regularly scheduled test sessions. These students must be scheduled for makeup test sessions within the testing period (March 1 - 24). Students who are not administered makeup tests during the test administration window will receive a scaled score of 200 (novice) that will be included in school averages. An Answer Booklet must be completed for all students, including students who were absent during the entire testing window.

The Office of Public Instruction is required to report to the United States Department of Education the reason for each student, including students with IEPs’ who do not participate in the state level assessment. These reasons do not represent options for not having a student participate; rather they are a method to report why, despite the school’s best efforts, a student was not able to participate. AYP requirements and calculation will still apply. OPI provided additional information in January 2011, including a worksheet for recording the student information until the window for entering the information online opens. The window will open on March 24, the last day of the CRT test window and will extend to 5pm on April 13.

Large-print Large-print test booklets are enlarged editions (using 18-point font) of the CRT test booklets. Students may write directly in the large-print test booklets. Test administrators are ***required*** to transfer each student’s answers from the large-print test booklet to an Answer Booklet and **code accommodation #27** in the appropriate boxes on page 2 of the Answer Booklet. Not transferring answers will result in the lowest possible score (200/novice). Grade 3 students’ answers must be transferred to standard-sized test booklets as well.

Braille Montana treats the Braille version of the CRT as a standard test accommodation. Test administrators are ***required*** to transfer each student’s answers from the Braille test booklet to an Answer Booklet and **code accommodation #26** in the appropriate boxes on page 2 of the Answer Booklet. Not transferring answers will result in the lowest possible score (200/novice).

Any student who is enrolled on the count date in the Montana state student information system (AIM), but for whom there is no Answer Booklet (test booklet for Grade 3) returned, will be assigned a novice score that will be included in the school’s average and will be considered a non-participant in AYP calculations.

Students Eligible for Reporting Exclusions (from Calculation of Averages)

Excluded from state averages	Must participate	May participate	Results included in averages	Results not included in averages
<u>Foreign exchange</u> students	Yes			√
Students enrolled in a <u>private accredited school</u>	Yes			√
Students enrolled in a <u>private non-accredited school</u> provided they are willing to comply with state assessment guidelines		Yes		√
Students <u>not in school for the entire academic year</u>	Yes			√
Students <u>not in a system for the entire academic year</u>	Yes			√
Students enrolled <u>less than part-time (180 hours or less)</u> and taking a mathematics, a reading, or a science course		Yes		√
<u>First year LEP students</u> may be excluded from the reading assessment only. If they do not participate in the CRT reading assessment, they may instead take a language test selected by their school. Results must be sent to Judy Snow, State Assessment Director. They must participate in the CRT mathematics and science tests.	Yes (mathematics and science tests only)		√	√
<u>Home-schooled students</u> may participate in the CRT at the request of a parent. Home-schooled students must be tested at a local school during the regular testing period; they may not be tested at home. Arrangements should be made through the county superintendent.		Yes		√

Determining How Students Will Participate in the CRT or CRT-Alternate

All students, including students with special needs, must participate in the CRT assessment program, either by taking the regular CRT or the CRT-Alternate Assessment (CRT-Alt) if they meet the eligibility criteria. Students with special needs and LEP students are often given test accommodations. All persons administering the assessment to special education students should be familiar with the assessment guidelines that are part of each student's IEP and with the allowed state-assessment accommodations. Test accommodations are generally derived from a student's IEP. Any student may be given test accommodations as long as they parallel the accommodations routinely used for that student in daily instruction and assessments and do not invalidate the purpose of the test. An accommodation is considered routine if it is part of the student's classroom work and assessments for at least three months prior to testing.

The CRT-Alternate Assessment results are classified into the same four performance categories as regular CRT assessment results. This allows the results for alternately assessed students to be aggregated with the scores of other students for the performance classification of schools and districts under the No Child Left Behind Act.

OPI has established goals for the performance of children with challenging disabilities that are consistent, to the maximum extent appropriate, with the goals and standards for the performance of nondisabled children. Therefore, the CRT-Alt is a performance-based test that is aligned with Montana's content standards and expanded benchmarks. The inclusion of students with disabilities in the assessment and accountability system is critical to ensuring appropriate allocation of resources and learning opportunities for these students. The CRT-Alt was designed for the less than one percent of the student population for whom traditional assessments, even with accommodations, would be an inappropriate measure of progress.

Completion of the CRT-Alternate Assessment

- ensures that students with significant challenges will be represented in school achievement data;
- provides multiple ways for IEP teams (including general and special education teachers, support services, families, and students) to measure progress on relevant student outcomes;
- encourages student choice and decision-making in learning as well as providing evaluation of student work;
- merges instructional and assessment activities; and
- builds support for meaningful participation in appropriate general education curriculum.

Guidelines for Test Administration

- For scheduling purposes, each session must be treated as an intact unit. That is, once students start a session of the test, they must finish it within the session block; under no circumstances may they go back to complete or revise an earlier session or forward to view or begin another session.
- Suggested total testing time for the CRT is approximately 5 hours (7 hours and 30 minutes with science for grades 4, 8, and 10). Scheduling different content test sessions over the course of at least three or four days is suggested to minimize student fatigue and allow

students to do their best work on the test. Test sessions may be scheduled to fit the overall school schedule.

- The CRT is an untimed test. The suggested schedule reflects the time needed by most students to complete the test. A student who is working productively without experiencing undue fatigue or frustrations may be allowed more time to complete the test. Extra time is not a standard accommodation.
- Sessions 1, 2, and 3 must be completed in order within each content area (i.e. Monday - reading session 1 and reading session 2. Tuesday - mathematics session 1 and reading session 3). However, a school may choose to alternate reading, mathematics, and science. For guidance on scheduling make up sessions contact OPI.
- The test should not be administered to several classes of students grouped in one large room, such as a cafeteria or an auditorium. The test is designed to assess a wide range of student abilities and to provide information to schools and districts about student performance. All students should be tested in surroundings that will provide them with the opportunity to do their best work on the assessment. In schools where students in several classes of the same grade are being tested, each classroom of students should take the same test session simultaneously to ensure test security.
- Testing schedules should be arranged so students, especially third and fourth graders, do not become fatigued. It is suggested that these students be tested for no longer than two hours without an hour break in any one day. We recognize that this might not be possible or even the most convenient schedule for your students, but we urge you to space sessions appropriately.
- Be sure that the test administration sessions do not conflict with regularly scheduled daily activities, such as recess, snack breaks, and lunch. Sufficient time should be allowed for continuous administration of each test part.

Training and Distributing Test Materials

As the school test coordinator, you must review the Test Administrator's Manual. Distribute a manual to all staff who will be administering the test or assisting with test administration. Additional manuals and training documentation can be accessed at http://www.opi.mt.gov/Curriculum/MontCAS/index.html#p7GPc1_7. Schedule time to provide training, to distribute test materials, and to answer any questions test administrators may have about administering the assessment.

Training should address the topics listed below:

- test scheduling
- test security and procedure-See OPI *Guidelines and Procedures for Test Security*.
- inventory procedures
- administration procedures
- Answer Booklet coding/barcode labels
- testing accommodations - See OPI *Accommodations Guidance Memo*
- returning materials after testing

Please remind test administrators that there are four test forms per grade and that test booklets must be distributed in random order. All four test forms have the same set of common items

(items previously field-tested and used for scoring) but different field-test items. This system of testing permits the release of a percentage of common items each year. If needed, class packs of test booklets may be split to accommodate the number of students in any one testing group within a school.

Test administrators may not comment on a student's work or help them in any way, except when completing their student demographic information on the front cover of their Answer Booklets (or test booklets for grade 3 students). The test administrators primary role is to encourage students to take the task seriously and do their best on the tests, to give clear directions to students, and to monitor student progress to see that directions are followed.

Barcode Labels

Student barcode labels are included in school test materials shipments. Note that all student label information is extracted from AIM in January. Schools will not receive a label for students enrolled after this extract. If you do not have a label for an enrolled student the student's demographic information will need to be entered onto the student Answer Booklet. If a student is no longer enrolled at your school, please update your local student information system prior to the end of the testing window. If a student's name is misspelled or a student's grade level is wrong, you may still use the label and update the information in your local student information system prior to the end of the testing window. All student information changes must be in AIM prior to the end of the testing window to ensure that CRT reports reflect the correct student information and enrollment status. (See Appendix C.)

Barcode label availability and required coding information may differ depending on the type of school in which a student is enrolled. For specific information about barcode labels and coding for each school type, see the OPI Web site, http://www.opi.mt.gov/Curriculum/MontCAS/index.html#p7GPc1_7.

Participating school types include the following:

- public schools
- treatment centers that are under contract with the Office of Public Instruction
- private accredited schools
- private non-accredited schools
- schools that test students who are not enrolled, such as home-schooled students

Students who move during the test window

For information on what to do when a student moves before or during testing refer to OPI's *Students who Move* posted online at http://www.opi.mt.gov/Curriculum/MontCAS/index.html#p7GPc1_7.

CRT Accommodations

The *2011 OPI Guidelines for Accommodations* is online at the OPI Web site at http://www.opi.mt.gov/Curriculum/MontCAS/index.html#p7GPc1_7.

Accommodations

Accommodations are available to all students on the basis of individual needs and regardless of disability status. Decisions regarding accommodations should be made by the student's educational team on an individual basis, consistent with either previous accommodation decisions for the student or current educational needs. Any accommodation(s) must be consistent with those used during the student's regular classroom instruction and assessment for at least three months prior to testing.

Accommodations are changes in the way a test is administered or responded to by the student who is being tested.

- Standard accommodations are changes in the way in which a student participates in a test that do not alter what the test is designed to measure.
- Nonstandard accommodations change what is being measured by a test.

The accommodations for the Spring 2011 CRT are the same as in 2009 and 2010. In 2009, changes in numbering occurred, so please refer only to recent materials.

Below is a table that provides information on the eligibility requirements for accommodation use and the impact on AYP. Appendix E provides a list of accommodations for the CRT. Further information on accommodations and the CRT are on the OPI web site at the following link: http://www.opi.mt.gov/Curriculum/MontCAS/index.html#p7GPc1_7.

- Some accommodations are coded with * or **:
 - * Accommodations suggested as appropriate for Limited English Proficient (LEP) students.
 - ** Most appropriate for use with students who have an IEP or 504 plan. Remember, the accommodations used must be listed in the student's IEP or 504 plan. Please contact the state assessment director for questions about students without IEPs or 504 plans and these accommodations.
- REMINDERS:
 - There is no standard accommodation (including oral presentation) that provides an opportunity for a student to request or receive help on a specific word, phrase, line, pronunciation, definition, item, question, answer choice or any part of the assessment.
 - Standard accommodations do not override standard administration of the CRT or the need for independent work by the students.

After Testing

Collecting Test Materials

After original test sessions and makeup sessions are completed, all used and unused test materials must be returned to the school test coordinator. When materials are returned, check to ensure that

- all test materials, whether used or unused, have been returned by each test administrator;
- all test booklets are counted to ensure that you are returning the same amount you received;
- Answer Booklets (test booklets for grade 3 students) have been completed for each student, whether the student was fully tested, partially tested, or totally excluded from the CRT or the CRT-Alt;

- Answer Booklets (test booklets for grade 3 students) are in good condition and free of erasure bits;
- all accommodations and participation information is coded, if applicable;
- each test administrator has placed the used Answer Booklets and grade 3 test booklets into the large white envelope labeled **“For Return of Used Answer Documents Only.”** Please note these envelopes are school and grade specific.
- used Answer Booklets or grade 3 test booklets that are frayed, torn, or in a condition that should be brought to our attention (for example, student had a nose bleed or was sick during testing; student used several Answer Booklets for mathematics, reading, and/or science due to an accommodation) must be returned to Measured Progress in the **“Special Handling”** envelope. Measured Progress program management staff will examine all items in the “Special Handling” envelope and hand-process test materials requiring special attention.
- CRT-Alternate test booklet, evidence templates, teacher recording sheets, material replacement form (if necessary), and Answer Booklet of each student who took the CRT-Alternate have been placed in the white plastic envelope marked **“For Return of CRT-ALTERNATE Test Materials.”**
- all scrap paper and other nonsecure test materials have been returned to you.
- the test security agreement forms have been returned to you and is included in the package with the used Answer Booklets.

All CRT and CRT Alternate test materials are to be returned to the System Test Coordinator for shipment to Measured Progress on or before Friday, March 25, 2011.

Packing Test Materials

CRT: Inside your original CRT shipment boxes, you received flat return shipment boxes marked “For the Return of Used Answer Documents Only.” These are to be returned separately from other materials. Failure to follow instructions regarding the return of materials will result in a delay of reports being posted. Special prepaid second day UPS return service labels have been preaffixed to these boxes. These boxes are to be used specifically for the return of used CRT Answer Booklets or grade 3 test booklets, “Special Handling” envelopes, and test security agreement forms (See TABLE 1 on page 19). Please note that each box is school specific. To ensure streamlined processing of your materials, please do not return materials from multiple schools in the same box. Test booklets can be returned in the original shipping boxes (see TABLE 2 on page 19).

Return of Test Materials

All used Answer Booklets and other test materials must be shipped to Measured Progress no later than Wednesday, March 30.

Make an inventory of all test materials before returning them using the Material Summary Form. As you count test materials, check the appropriate spaces on this form. Pack test materials for return in the boxes in which you received them. Since the labels are prepaid, it is important to return test materials by grade in the boxes in which they were received.

TABLE 1: Return Instructions for Boxes Labeled “For the Return of Used Answer Documents”

Packing Order for Box	
Top of Box	
Voided Barcode Label Forms (packed loosely)	
Test Security Agreement Forms (packed loosely)	
Sealed envelopes labeled “For Return of Used Answer Documents” that contain used CRT Answer Booklets and grade 3 test booklets	
Envelope(s) labeled “Special Handling” that contain Answer Booklets that were destroyed by a student, torn, frayed on edges, etc. Nothing else should be in this envelope.	
Bottom of Box	

TABLE 2: Return Instructions for Boxes for Returning All Other Test Materials
Packing Order for Box

Top of Box	
All unused Answer Booklets (<u>must</u> be returned to Measured Progress)	
ALL student test booklets (<u>must</u> be returned to Measured Progress)	
Bottom of Box	

Reseal the carton(s) using heavy-duty packing tape. Cross out or tape over any old address labels, leaving the barcode label(s) untouched. Include any extra UPS return service labels that you did not use in the first carton. All other materials may be recycled or disposed of.

CRT-Alternate: Materials for each student should be packaged separately in the white plastic envelopes (one for each student) marked “For Return of CRT-ALTERNATE Test Materials”. The envelopes have preaffixed UPS RS labels and should be returned to the System Test Coordinator for shipment. Please return CRT-Alternate materials separately from CRT materials. The table below lists items to be included in the CRT-Alternate return envelope for each student:

TABLE 3: Return Instructions for CRT-Alternate Test Materials

CRT-Alternate test booklets
Evidence Templates
Teacher Recording Sheets
Used and Unused Answer Booklets
Material Replacement Form (if necessary)

Materials that do not need to be returned

The following materials are not secure and do not need to be sent back with your test materials.

- Test Administrator's Manuals
- Test Coordinator's Manuals
- CDs
- Mathematics Reference Sheets
- Test Security Information for Teachers forms
- Material Summary Form

Please dispose of these materials or keep them for future reference.

Instructions for Using UPS Return Service

*Please note that answer document labels will be preaffixed to the appropriate boxes.

Step 1	Locate the UPS return service label for every box being returned. A single UPS label has been provided for each box you received. The preprinted labels contain the system name, street address, city, state, and zip code at the top.
Step 2	Adhere the appropriate UPS return service label to each box being returned. Place the label over the original label on the box.
Step 3	When your test materials are sealed and ready to be returned to Measured Progress, you will have to select <u>one</u> of the options listed on the next page.

Arrangements for UPS pickup must be made no later than 11:00 A.M., on Tuesday, March 29. A delay in returning used Answer Booklets will result in delayed reports statewide!

Option 1: Request a UPS pickup online at <http://iServices.measuredprogress.org>. At the welcome screen, select “MONTANA” from the drop-down menu and click “Enter”; then select “UPS Pickup Request” from the left column. Follow the on-screen instructions to place a UPS pickup request. Requests for pickup made after 12 P.M. mountain standard time (2:00 P.M. eastern standard time) will require the pickup to be made on the second business day after the request is received. You will need the UPS tracking number (found on the UPS return service label) to enter your request. Only one tracking number is needed, even if you have multiple boxes to return.

Option 2: Contact UPS directly by calling (866) 745-6447. You will need the UPS tracking number (found on the UPS return service label) to enter your request. Only one tracking number is needed, even if you have multiple boxes to return.

Option 3: If a UPS driver arrives for a delivery, you may give the boxes to the driver provided they have the prepaid UPS Return Service labels affixed to the box.

If you have any questions regarding the return of materials, contact the Montana Service Center toll-free at (888) 792-2741.

GLOSSARY OF TERMS

TERM	DEFINITION
Accommodations	Special arrangements made for students who are unable to take the assessment under normal circumstances.
Alternate Assessment	The process by which teachers collect information (performance event) that reflects a student's abilities; for a small percentage of students, accommodations to the regular assessment will not give results representative of those students' abilities.
Common Items	A question that is scored. Common items appear in the same locations across all forms of the assessment to allow comparison of individual student performance. Fifty percent of these items are released, with results, for use in classrooms.
Constructed-Response Item	An item that requires more than one or two words for a response; this type of item is also called an open-response item.
Criterion-Referenced Test	An assessment that compares a student's performance to a specific standard or standard of achievement established for an entire content domain or subdomain.
Field-Test Item	Trial items on test forms; field-test items are not included in final students results.
Foreign Exchange Students	Grade 10 high school students who have been issued a student VISA or other tested grades' (3-8 and 10) students who have accompanied a parent(s) to the U. S. and have a student VISA are required to participate in the CRT. Their participation is included in the calculation of the participation rate for AYP, but their results are not included.

Former LEP Student	<p>A student previously identified as Limited English Proficient who has attained proficiency. A student cannot be identified as former LEP for more than two years. To determine when LEP students become proficient, districts take into account multiple measures, including the following:</p> <ul style="list-style-type: none"> • An overall score of proficient (P) or advanced (A) on the English Language Proficiency (ELP) assessment along with a rating of proficient or above (PA) in all domains (listening, speaking, reading, and writing). Students scoring as proficient (P) should demonstrate a proficient score on the ELP assessment for two consecutive years. Students scoring as advanced (A), along with additional measures and teacher input, would be considered proficient and no longer LEP. • Input from additional measures of reading, writing, or language development available from school assessments that link to the district process in place for the identification of LEP students. <p>More detailed information is available on the OPI Web site at www.opi.mt.gov.</p> <p>If you need further clarification, please contact OPI bilingual specialist Lynn Hinch at (406) 444-3482 or lhinch@mt.gov.</p>
Full Academic Year	<p>Continuous enrollment from the October enrollment reporting date (first Monday in October) through the school test administration window. This definition is applied separately at both the school and district levels, with those students identified as not in school for the full academic year (NSAY) being excluded from all school-level annual measurable objective calculations and those students identified as (NDAY) being excluded from all district-level annual measurable objective calculations. (OPI AYP Data Glossary)</p>
Mathematics Reference Sheet	<p>Usually a card-stock document that may include a ruler, formulas, and other information students can use during the test administration to aid them in answering the questions. Note - not to be returned, may be distributed year to year.</p>
Montana Digital Academy (MDA) Students	<p>Grade 10 students enrolled in a public high school for more than 180 hours including taking classes through the MDA are required to participate in the CRT.</p>
Montana Youth Challenge (MYC) Students	<p>Grade 10 students enrolled in a public or private accredited high school for more than 180 hours, but attending the Montana Youth Challenge Academy beginning in January 2011, are required to participate in the CRT. AIM needs to be updated to indicate that these students are attending the Montana Youth Challenge Academy. Their barcode labels, answer booklets, and test booklets will be sent to the Beaverhead County Superintendent who will administer the CRT to them and return the materials to Measured Progress. Their results and participation will be attributed to the high school in which they are enrolled.</p>

APPENDIX A:

Suggested Testing Schedules

GRADES 3 - 8: READING	
Day 1	Time Range (in minutes)
General Instructions	5–10
Session 1	45–55
Day 2	
Session 2	45–55
Break	
Session 3	45–55

GRADES 3 - 8: MATHEMATICS	
Day 1	Time Range (in minutes)
Session 1	45–55
Day 2	
Session 2	45–55
Break	
Session 3	45–55

GRADES 4, 8, & 10: SCIENCE	
Day 1	Time Range (in minutes)
Session 1	45–50
Day 2	
Session 2	45–50
Break	
Session 3	45–50

GRADE 10: READING	
Day 1	Time Range (in minutes)
General Instructions	5–10
Session 1	50–60
Day 2	
Session 2	50–60
Break	
Session 3	50–60

GRADE 10: MATHEMATICS	
Day 1	Time Range (in minutes)
Session 1	50–60
Day 2	
Session 2	50–60
Break	
Session 3	50–60

APPENDIX B: GUIDELINES FOR USE OF CALCULATORS

Mathematics “calculator” test sessions assess students’ problem-solving skills. The computation burden for students will be reduced if calculators are used, permitting students to demonstrate their problem-solving skills more accurately. Computation skills are assessed in “no-calculator” test sessions. Use of calculators in the mathematics “no calculator” sessions is a nonstandard accommodation available only to students with IEPs. If this nonstandard accommodation is used, the student is not considered a participant in the calculation of the AYP participation rate for mathematics, and the student results are not included in any averages for the AYP annual measurable objective (AMO). Both the non-participation and AMO consequences can negatively impact AYP determinations.

In the “calculator” test sessions, it is suggested that students use calculators that are familiar to them (their own personal or school owned calculators). This will ensure that students are comfortable during the test and not burdened by unfamiliar calculator functions. (Test administrators may wish to have additional calculators on hand to loan to students, as needed.) Items on any of the mathematics assessments of the CRT-calculator sections can be answered using a four-function calculator. However, it is possible for students to answer the items without the aid of a calculator.

Although practice varies, the calculator types listed below are commonly used in classes in grades 3 - 8 and 10 and are allowed on the CRT-calculator sections; however, the most important factor is a student’s familiarity with the calculator being used.

Grades 3, 4, 5 and 6: Four-function calculator
Grades 7 & 8: Scientific calculator
Grade 10: Graphing calculator

CAUTION:

- Before the calculator use sections of the CRT are administered, students must clear the main/home screen of the calculator they are using.
- Students may not share calculators during testing.

MATHEMATICS SCHEDULE FOR USE OF CALCULATORS

GRADES 3–5: MATHEMATICS CALCULATOR USE	
Day 1	
Session 1	Calculators are NOT allowed.
Day 2	
Session 2	Calculators are NOT allowed.
Break	
Session 3	Calculators ARE allowed.
GRADES 6–8 and 10: MATHEMATICS CALCULATOR USE	
Day 1	
Session 1	Calculators are NOT allowed.
Day 2	
Session 2	Calculators ARE allowed.
Break	
Session 3	Calculators ARE allowed.

APPENDIX C:

Locating State Student ID Numbers through the AIM System

Barcode Labels and State Student ID Numbers for Public Schools and Private Accredited Schools

The authorized representative at each school is responsible for the security of student data entered into AIM and for granting access to district personnel. Further, the authorized representative designates an AIM specialist for the district. The AIM specialist serves as the contact for both OPI and other district personnel.

If a student does not have a barcode label, contact the district's AIM specialist for further assistance in obtaining the student's state ID number. The instructions below provide guidance for obtaining state ID numbers.

Step 1: Search to locate the student in the AIM system.

1. Log in to the AIM system from the Achievement in Montana Web site at www.opi.mt.gov/AIM/Index.html.
2. From the **Index**, select **Student Information** and **General**. Click on the **Search** tab.
3. Enter the student's **Last Name** in the **Search** box and click **Go**. A list of students matching the search criteria will be generated on the left side of the screen.
4. To select a student, click on the student's name. The **Summary** window will open on the right side of the screen. The student's **State ID** is located directly under the student's name and in the lower right corner of the **Person Information** screen.
 - *The **Person ID** in the top left corner of the **Person Information** screen is *not* the student's **State ID**.
5. Give the student's **State ID** to the test coordinator to record on the Answer Booklet.

Step 2: The student is not in the AIM system.

1. The student will need to be enrolled in the AIM system and assigned a state ID number.
2. Instructions for locating state ID numbers and entering student enrollments data is available on the AIM Web site at www.opi.mt.gov/AIM/Index.html under **AIM Collections** and **Assessment Registration Collection** on the menu bar.

Contact a member of the OPI AIM staff if further assistance is required.

Complete appropriate sections of this page after testing is complete.

Section 1: Required only for public schools and private schools accredited by the Montana Board of Public Education. **TO BE COMPLETED BY SCHOOL TEST COORDINATOR.**

- C**
- ☐ Student not enrolled (For example: homeschooled student)
 - ☐ Student enrolled less than 180 hours and taking a reading or mathematics course.
 - ☐ First-year LEP student enrolled in a United States school. "First-year" means full calendar year from date of first enrollment in any United States school. (For example: First-time enrollment on September 10, 2010, means that first-year LEP status would be valid through September 10, 2011.)

Section 2: Required only for public schools and private schools accredited by the Montana Board of Public Education. **TO BE COMPLETED BY THE TEST ADMINISTRATOR.**
This section is not applicable for students participating in the CRT-Alternate Assessment.

APPENDIX E:
List of Available Accommodations
Standard CRT Accommodations
 (Code all that apply after testing)

SCHEDULING ACCOMMODATIONS
1. Change in Administration Time: Test is administered at a time of day or a day of the week based on student needs.
2. Session Duration: Test is administered in appropriate blocks of time for individual student needs, followed by rest breaks.
3. N/A
SETTING ACCOMMODATIONS
4.* Individual Administration: Test is administered in a one-to-one situation.
5.* Small Group Administration: Test is administered to a small group of students. Recommend no more than fifteen students unless using accommodation 22, for which no more than five students should be in the small group administration.
6. Reduce Distractions: Student is seated at a carrel or other physical arrangement that reduces visual distractions.
7.* Alternative Setting: Test is administered to a student in a different setting.
8.* Change in Personnel: Test is administered by other personnel known to the student (e.g., LEP, Title I, or special education teacher).
9. Home Setting: Test is administered to the student by school personnel in the student's home.
10.* Front Row Seating: Student is seated at the front of the classroom when taking the test.
11. N/A
EQUIPMENT ACCOMMODATIONS
12.** Magnification: Student uses equipment to magnify test materials.
13.** Student (not groups of students) wears equipment to reduce environmental noises.
14.** Template: Student uses a template. An example is a piece of card stock that has a window cut out which enables the student to focus by isolating lines of text or items.
15.** Amplification: Student uses amplification equipment (e.g., hearing aid or auditory trainer) while taking test.

16.** Writing Tools: Student uses a typewriter or word processor (without activating spell check). After the student completes typing a constructed response, the test administrator transfers what the student typed into the appropriate space in the Answer Booklet word for word exactly as the student typed it. The student may review what the test administrator wrote and advise changes; however, the test administrator may not clarify, elaborate, or make any changes not initiated by the student.

NOTE: The answers must be directly transferred into the Answer Booklet with a number 2 pencil and **not** be on a separate piece of paper taped, glued, or stapled into the Answer Booklet.

17.** Voice Activation: Student speaks response into computer equipped with voice-activation software. After the student completes an answer, the test administrator transfers what the student said, and for constructed responses transfers word for word exactly what the student said into the appropriate space in the Answer Booklet. The student may review what the test administrator marked or wrote and advise changes; however, the test administrator may not clarify, elaborate, or make any changes not initiated by the student.

NOTE: The answers must be directly transferred into the Answer Booklet with a number 2 pencil and **not** be on a separate piece of paper taped, glued, or stapled into the Answer Booklet

18.* Bilingual Dictionary: Student uses a bilingual dictionary. (Note: Bilingual dictionary could include a simplified English dictionary, glossary or subject area vocabulary list.)

RECORDING ACCOMMODATIONS

19.** Dictation: Student dictates answers to a test administrator who records them in the Answer Booklet. While the student completes dictating answers and/or a constructed response, the test administrator transfers what the student dictated, and for constructed responses writes what the student dictated into the appropriate space in the Answer Booklet word for word exactly as the student dictated it. The student may review what is bubbled or written; however, the test administrator may not clarify, elaborate, or make any changes not initiated by the student.

NOTE: The answer must be directly transferred into the Answer Booklet with a number 2 pencil and not be on a separate piece of paper taped, glued, or stapled into the Answer Booklet.

20.** Writing Tools: Student marks or writes answers with the assistance of a technology device or special equipment. After the student completes an answer, the test administrator transfers what the student completed with a technology device or special equipment, and for constructed responses, transfers word for word exactly what the student completed into the appropriate space in the Answer Booklet. The student may review what the test administrator marked or wrote and advise changes; however, the test administrator may not clarify, elaborate, or make any changes not initiated by the student.

NOTE: The answers must be directly transferred into the Answer Booklet with a number 2 pencil and not be on a separate piece of paper taped, glued, or stapled into the Answer Booklet.

21.** Assistive Technology: Another form of assistive technology routinely used by the student (that does not change the intent or content of the test) was used by the student (not groups of students).

MODALITY ACCOMMODATIONS

22.*, ** Oral Presentation:

Math and Science: The test administrator must read the test items and answer choices word for word. Before reading aloud, the test administrator should advise students that each item and answer choice will be read aloud in exactly the order as presented. Students should also be advised that items, including answer choices, will be repeated at the end of a session in case the students wish to review/check their work.

Reading: Only the questions and answer choices may be read aloud to the student before she/he reads each passage. After the student has read the passage, the test administrator must read the questions and answer choices word for word one at a time in exactly the order as presented. Once the student has had the opportunity to answer all the questions, the test administrator may repeat all the questions and answer choices, one question at a time, so the student can review her/his answers. The reading passage must not be read aloud to a student, and a student cannot request or be given help in reading or pronouncing any part of the passage.

Cautions about oral presentation:

- This accommodation should be a low-incidence accommodation. Please consider the following to determine the appropriateness of this accommodation for each student.
 - Assessment results are available to support the determination that the student's disability precludes or severely limits the student's ability to gain meaning from written language.
 - There is documentation of remedial reading services and/or special education and supplementary aids and services.
 - Through classroom assessment, it has been determined and documented that the student benefits from oral presentation as her/his way of learning. This accommodation could be applicable for LEP students whose oral/aural proficiencies (speaking and listening) significantly exceed their English reading and writing skills, i.e., the student recognizes a word when spoken, but not written.
- Oral presentation should be limited to small groups, (three to five students).
- In advance of the test sessions, students should be advised to follow along with the text as it is being read.

23.** Test Interpretation: Tests, including directions, are interpreted for students who are deaf or hearing-impaired (with the exception of the reading test).

24.* Test Directions with Verification: An administrator gives test directions with verification (by using a highlighter) so that student understands them.

25.* Test Directions Support: An administrator assists student in understanding test directions, including giving directions in native language.

26.** Braille: Braille version of the test was used by the student.

27. Large Print: A large print version of the test is used by student.

28. Other: With verification from OPI in advance of the testing window, some other approved accommodation is used by student.

NONSTANDARD ACCOMMODATIONS

29. Reading: Reading passages are read aloud to student, or student uses text-reader software for reading passages. This type of nonstandard accommodation might be used for a student with a learning disability in reading who, without the text being read, could not participate in this portion of the test.

30. Mathematics: Student uses a calculator on the no calculator sections of the mathematics test. This type of nonstandard accommodation might be used for a student with a learning disability in mathematics who, without the use of a calculator, would not be able to perform any mathematics calculations or functions.

31. Other–Reading: With verification from OPI in advance of the testing window, some other approved accommodation is used by student.

32. Other–Mathematics: With verification from OPI in advance of the testing window, some other approved accommodation is used by student.

33. Other–Science: With verification from OPI in advance of the testing window, some other approved accommodation is used by student.

* Accommodations suggested as appropriate for Limited English Proficient (LEP) students.

** Most appropriate for use with students who have an IEP or 504 plan. Remember, the accommodations used must be listed in the student's IEP or 504 plan. In unusual circumstances, a student without an IEP or 504 plan may require an accommodation keyed with **. Please contact the state assessment director for questions about students without IEPs or 504 plans and these accommodations.

Reminders:

- There is no standard accommodation (including oral presentation) that provides an opportunity for a student to request or receive help on a specific word, phrase, line, pronunciation, definition, item, question, answer choice, or any part of the assessment.
- Standard accommodations do not override standard administration of the CRT or the need for independent work by the students.

Nonstandard CRT Accommodations

Nonstandard accommodations are changes in the way testing is presented or in the way a student responds to test questions that may alter what the test measures. Teams should exercise caution in considering whether a student requires a nonstandard accommodation. Nonstandard accommodations are available only for students with IEP/504 plans.

- A student using a nonstandard accommodation will not be counted as a participant and the student's results for the content area test **will not** be calculated in averages for AYP. Test administrators will code the nonstandard accommodation on page 2 of the student's Answer Booklet.
